   The Archer Fellowship Program is a program that empowers students from across the University of Texas System by providing a unique opportunity to live, learn and intern in Washington, D.C. Each year between 32-40 UT Austin undergraduates are selected to become Archer Fellows. Fellows live in town homes on Capitol Hill; earn 15 hours of in-residence credit by taking classes on policy, politics, and advocacy; and pursue a full-time internship. Students may apply their financial aid to the program costs, and a number of scholarships are available to support selected Archer Fellows.

   here: https://fe.qualtrics.com/form/SV_begU7RazgI5s7bf
The Archer Program is seeking applications from a diverse group of students who represent various majors and disciplines across campus. While all applicants should share a passion for policy and public service, we welcome students with diverse policy interests. It’s easy to see this diversity represented in previous Archer Fellows by looking at their internship placements. Previous Archer fellows have interned with The White House, National Geographic, the U.S. Department of Education, the Sierra Club, Amnesty International, the Alliance for Health Care Reform, the Republican National Committee and the U.S. Department of Justice among many others sites and organizations.
