* The purpose of this requirement is to ensure that students complete a minimum of 33 upper-division hours in Mathematics. If you will complete 33 upper-division hours in Mathematics without completing 21 hours from this requirement, please visit an academic advisor in the Mathematics, Physics, and Astronomy Advising Center. You might be a candidate for this requirement to be reduced in total hours through a formal petition.		
Inquiry based learning (IBL) or II flagged upper-division Math course:		3
1 upper-division Math course must be approved as an Independent Inquiry flag or taught in the inquiry based learning format (IBL). IBL courses identified through notation under the unique number in the course schedule, and list maintained in the Mathematics, Physics, and Astronomy Advising Center in RLM 4.101.
