

## OCCUPATIONAL THERAPY PREREQUISITE COURSES TIME LINE

This is an **example** of how to complete prerequisite courses for the **Texas Occupational Therapy programs**.

**Six semesters, regardless of the student's age or year in college, are generally required to complete the pre-occupational therapy courses and extra-curricular activities.**

Many students **finish prerequisites in Year 4 or later** and have a **bridge year or years** during which they continue to prepare for and apply to professional schools.

For **COURSE OPTIONS & DETAILS** see the **PREREQUISITE COURSES PDF** on the [PRE-OCCUPATIONAL THERAPY PATHWAY page under PREREQUISITES & TIME LINE](#)

**Use this as a guide. Your personal time line may differ.  
 Consult your academic advisor for help incorporating these courses into your degree plan.**

**Some schools require completion of prerequisites by the time of application or application deadline.**
