What Courses Should I Take?

- Math class (if you still need one)
- 3-6 hrs of your major specific coursework
- 3-6 hrs of Other Degree requirements
- If you have completed your Core Curriculum requirements and need to take classes to fill your schedule, look into a certificate program: [http://tinyurl.com/bppumgu](http://tinyurl.com/bppumgu)

= 12-16 HRS

ALEKS Assessment

- Every CNS student enrolled in M 305G, 408N, 408C or any stats course is required to obtain a minimum ALEKS placement score by August 13th at 11:59 pm.
  - 80% for M 408C – Differential & Integral Calculus
  - 70% for M 408N – Differential Calculus
  - 55% for M 305G – Preparation for Calculus - CNS
  - 30% for M 316 – Elementary Statistical Methods (& all other stats courses)
- Failure to meet the minimum score for M 305G, 408N, 408C and statistics courses will result in being dropped from the course.
- As you work through the learning module, your score will be automatically updated in the system. Even if you have achieved the minimum score it is suggested you continue to work on ALEKS.

- The Department of Chemistry requires all students registered for CH 301 to earn an ALEKS Chemistry assessment score of 85% by August 13th at 11:59 pm.

Miscellaneous Tips:

- You have until the 12th class day (September 12th) to finalize your schedule.
- Restricted Courses – If a course is listed as restricted, please check the course description for information or contact the department offering the course.
- Classes can be scheduled back-to-back if need be. Classes end 10 minutes on MWF and 15 minutes on TTH before the time listed on the course schedule. (i.e. 1-2pm class will get out at 1:50 pm)
- Health Professions – ok to take 12-14hrs first semester, but moving forward you will be more competitive with 14-16hrs
