### Please give the name of the company that you interned for, as well as a brief description of your duties

Apple Inc, Software Engineering Intern. I developed software for the organization.

### What value do you feel you added to the organization during your internship?

I believe that I was given work on projects that are integral to the organization and add value to the work done here.

### Did this internship meet your expectations? Why or why not?

Yes. I worked on a project that was challenging and provided a great learning experience.

### Would you recommend this internship to another student? Why or why not?

Yes. Apple is a wonderful organization to intern at. It gives students the opportunity to work on challenging and interesting projects that have a great impact on the work they do.

### If you could change one thing about your internship experience, what would it be and why?

I would probably interact with more people and learn about the work they do.

### Please provide any additional information regarding your internship that you feel students should know.

I have had an amazing internship which has provided me with the opportunity to work on challenging projects and grow as a developer. The support from everyone at the organization is great and I would recommend this internship to everyone.
