

Experiential Learning Courses

Chemistry

Note: Courses listed below may be open enrollment, restricted to students in particular programs, and/or independent-study courses that require permission of the department to register.

Department/Unit	Course number	Course/Activity	Type of experiential learning activity
Chemistry	CH 220C	Organic Chemistry Laboratory-FRI	Freshman Research Initiative Course
Chemistry	CH 368	Topic #1, Research Methods: UTeach	UTEACH
Chemistry	CH 369K	Techniques of Research FRI	Freshman Research Initiative Course
Chemistry	CH 369K	Techniques of Research	Research
Chemistry	CH 371K	Science Outreach in Elementary Schools	Experiential-based Course
Chemistry	CH 372C	Chemistry Peer Mentors in Research and Teaching	Peer Mentoring
Chemistry	CH 372S	Study and Research Abroad: Austin International Framework	Study Abroad - Research
Chemistry	CH 375K	Individual Study in Chemistry and Biochemistry	Research
Chemistry	CH 379H	Chemistry Honors Tutorial Course	Research
